

# Vigilis Bio Hedge Wraps

## Technical Data Sheet & Product Specifications

Vigilis Bio Hedge Wraps are 100% soil-biodegradable, rigid, twin-walled, cylindrical hedge guards designed with a wrapping function to make installation and removal quick and easy. Designed to last for a minimum of 3 years. They provide crucial protection to saplings for 3+ years and degrade naturally in normal soil temperatures.

## Construction & Materials

### MATERIAL COMPOSITION

Made with a patented, soil-biodegradable material designed to degrade naturally in normal soil temperatures ( $\cong 20^{\circ}\text{C}$ )

### DESIGN CONSTRUCTION

Twin wall design providing optimal strength-to-weight ratio.

### SAFETY FEATURES

Wrap design allows the shelter to expand as the hedge grows, avoiding damage to hedge.

### COLOUR & TRANSPARENCY

Muted brown colour to naturally blend into the environment when installed, offering a discrete planting solution.

## Product Specifications

SKU	Height ( $\pm 20\text{mm}$ )	Diameter	Weight ( $\pm 10\text{g}$ )	Protection Against
202448	0.40m / 1.3ft	45-60mm	17g	Rabbits
202455	0.60m / 2ft	45-60mm	25g	Rabbits
202462	0.75m / 2.5ft	45-60mm	32g	Hares

## Vigilis Bio Hedge Wraps

Technical Data Sheet & Product Specifications

### Product Description

Vigilis Bio Hedge Wraps are **100% soil-biodegradable**, flexible wraps designed to protect young hedging plants during early establishment, providing **effective protection against browsing animals** promoting for healthy, natural growth.

Available in a range of sizes to suit different hedging species and planting schemes, Vigilis Bio Hedge Wraps are the **ideal solution for protecting hedgerow** and boundary plantings where **access for collection is difficult or impractical** – offering the protection of Vigilis Recyclable Hedge Wraps **without the need to retrieve them** once plants are established.

### Installation, Maintenance & Packaging

**Installation:** When installing open the wrap and put the inner fold on the outside when closing to maintain diameter. Also, to prevent opening in windy conditions, use a cable tie or t-band around the middle of the wrap.

**Packaging:** Nested in 3's and boxed with a waterproof wrapping for efficient transport and handling.

**Lifespan:** Functional life of 3+ years followed by 3+ years for biodegradation.\*

*\*All stated timeframes are approximate and may vary with environmental conditions; figures are provided for guidance only and without warranty or liability.*

### Storage Requirements

Store away from direct sunlight (undercover) in dry conditions before use.  
Store upright and do not place heavy objects on top.
