

Vigilis Bio Shrub Shelters

Technical Data Sheet & Product Specifications

Vigilis Shrub Shelters are recyclable, rigid, twin-walled, cylindrical guard designed to be wider than traditional shelters to suit multi-stemmed growth habits. Designed to last for a minimum of 3 years. They provide crucial protection to saplings for 3+ years and degrade naturally in normal soil temperatures.

Construction & Materials

MATERIAL COMPOSITION

Made with a patented, soil-biodegradable material designed to degrade naturally in normal soil temperatures ($\cong 20^{\circ}\text{C}$)

DESIGN CONSTRUCTION

Wrap design to allow is opening for installation and removal. Wide diameter suited for shrub plants.

SAFETY FEATURES

Break line to prevent strangulation of plants. Flared rim to minimise abrasion.

COLOUR & TRANSPARENCY

Muted brown colour to naturally blend into the environment when installed, offering a discrete planting solution.

Product Specifications

SKU	Height ($\pm 20\text{mm}$)	Diameter	Weight ($\pm 10\text{g}$)	Protection Against
200833	0.60m / 2ft	130-160mm	120g	Rabbits
201168	0.75m / 2.5ft	130-160mm	155g	Hares
202523	0.60m / 2ft	160-200mm	145g	Rabbits
202530	0.75m / 2.5ft	160-200mm	190g	Hares

Vigilis Bio Shrub Shelters

Technical Data Sheet & Product Specifications

Product Description

Vigilis Bio Shrub Shelters are **100% soil-biodegradable** shelters designed to protect shrubs and larger transplants during early establishment, providing **effective protection against browsing animals**, then **degrading naturally** in normal soil conditions.

Available in two heights, 0.60m and 0.75m, to protect against rabbits and hares.

Vigilis Bio Shrub Shelters are the **ideal solution for protecting shrubs** and transplants in hedgerow schemes and mixed planting projects where access for collection after establishment is difficult or impractical – offering the same protection as Vigilis Recyclable Shrub Shelters **without the need to retrieve them**, and suitable for grant-funded schemes where plastic reduction is an objective.

Installation, Maintenance & Packaging

Packaging: Nested in 4's and in bundles of 20 for easy transportation and handling

Pre-fitted fastenings: Includes pre-fitted 100% soil biodegradable, non-releasable Vigilis BioTie cable tie(s) for easy installation during tree maintenance.

Lifespan: Functional life of 3+ years followed by 3+ years for biodegradation.*

**All stated timeframes are approximate and may vary with environmental conditions; figures are provided for guidance only and without warranty or liability.*

Storage Requirements

Store away from direct sunlight (undercover) in dry conditions before use.
Store upright and do not place heavy objects on top.
